The words 'anticipate,' 'believe,' 'continue,' 'could,' 'estimate,' 'expect,' 'intend,' 'may,' 'plan,' 'potential,' 'predict,' 'project,' 'should,' 'target,' 'will,' 'would' and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: the uncertainties related to market conditions and other factors described more fully in the section entitled 'Risk Factors' in Sidus Space's Annual Report on Form 10-K for the year ended December 31, 2024, and other periodic reports filed with the Securities and Exchange Commission. ## Non-GAAP Measures

To provide investors with additional information in connection with our results as determined in accordance with GAAP, we use non-GAAP measures of adjusted EBITDA. We use adjusted EBITDA in order to evaluate our operating performance and make strategic decisions regarding future direction of the company since it provides a meaningful comparison to our peers using similar measures. We define adjusted EBITDA as net income (as determined by U.S. GAAP) adjusted for interest expense, depreciation and amortization expense, acquisition deal costs, severance costs, capital market and advisory fees, equity-based compensation and warrant costs. These non-GAAP measures may be different from non-GAAP measures made by other companies since not all companies will use the same measures. Therefore, these non-GAAP measures should not be considered in isolation or as a substitute for relevant U.S. GAAP measures and should be read in conjunction with information presented on a U.S. GAAP basis.

The following table reconciles adjusted EBITDA to net loss (the most comparable GAAP measure) for the three months ended September 30, 2025 and 2024:

|                                    | Three Months Ended<br>September 30, |                | Change         | %     |
